

TEAM BOX

TB.2

READY TO TEAMBOX?

The Teambox is the ideal environment for meetings or brainstorming between 1 to 4 people. Video and phone conferences can take place here without external distractions and noise.

+ SUSTAINABLE:

Recyclable materials and a high degree of versatility make the Teambox a sustainable office element.

+ WELL

VENTILATED:

Infinitely adjustable ventilation system via a touch display.

+ DESIGN:

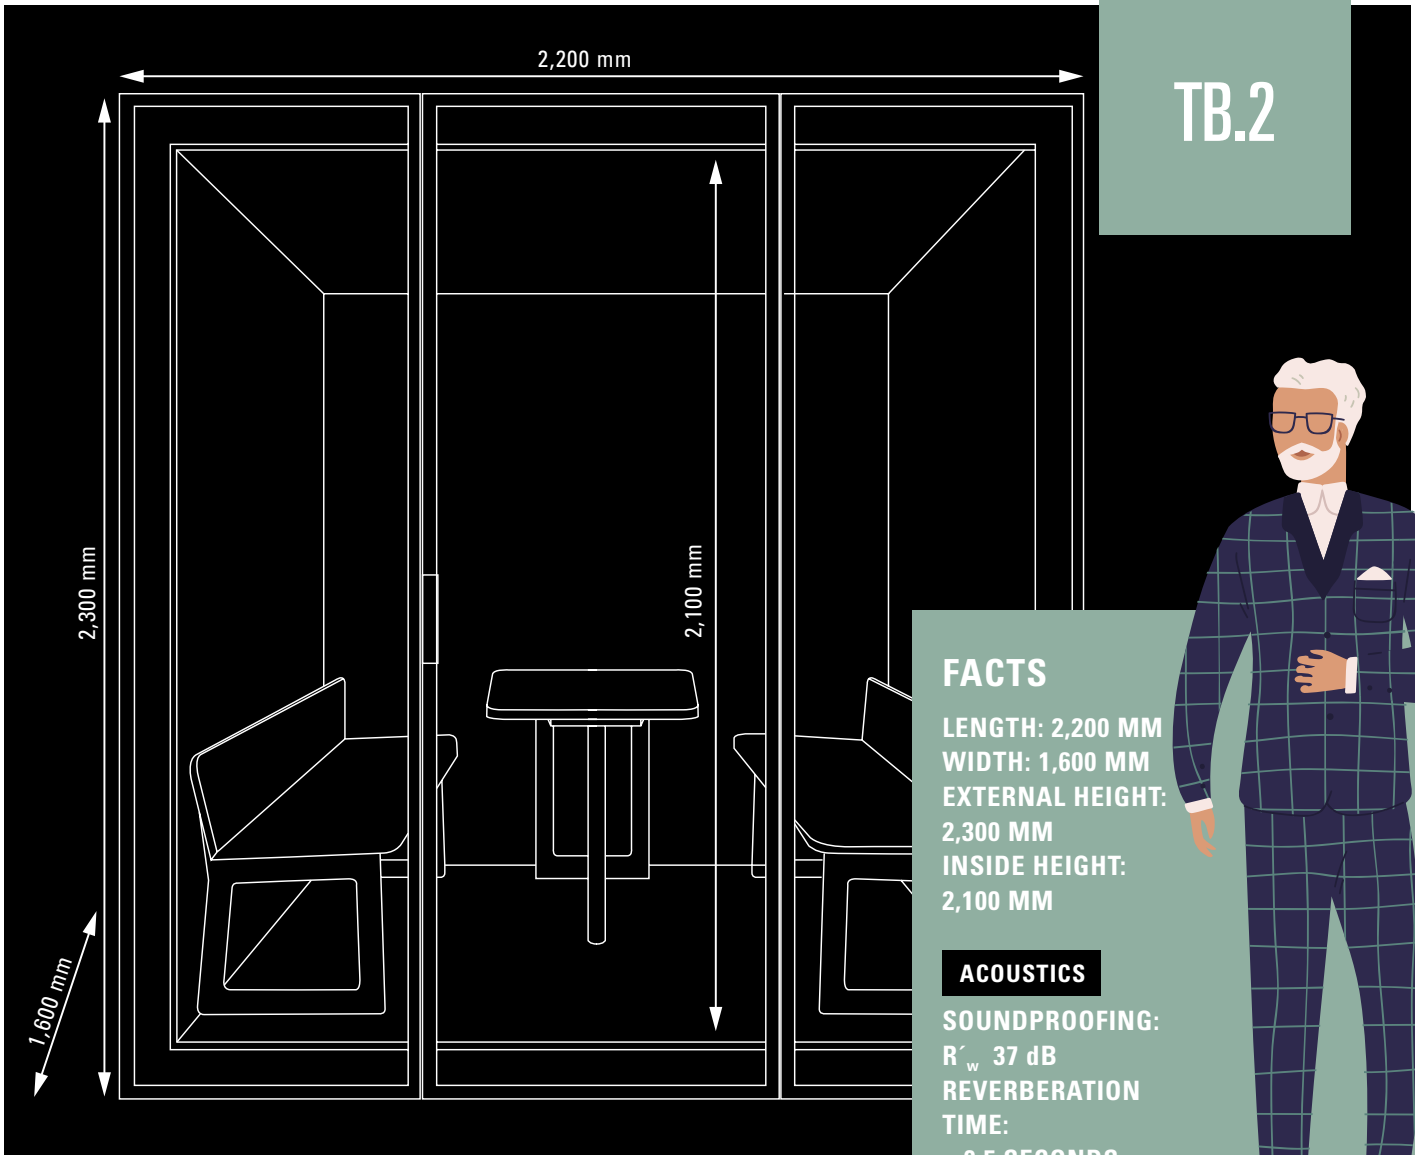

The first-ever flush-glazed room-in-room system. Versatile application variants through the use of individual furnishings.

+ READY-TO-USE:

The Teambox is delivered in just 15 parts and takes next to no time to install.

+ ACOUSTICS:

Excellent sound-proofing and pleasant room acoustics for maximum comfort.

TB.2
